

# What's Wrong With Me (Stratus Remix)

Skye

I try not to think about the distance of the setting sun  
I try not to think about the rain  
I try not to think about the saints and sinners, who have more fun?  
I try not to think about the rain  
I try not to think about the evil empires and stupid fools  
I try not to think about the rain  
I try not to think about the regulations and the rules  
I try not to think about the rain

Oh oh oh  
What's wrong with me?

I try not to think about the money, the mortgage on my home  
I try not to think about the rain  
I try not to think about the voice mails, e-mails, angry females on the phone  
I try not to think about the rain  
I try not to think about the job and all responsibilities  
I try not to think about the rain  
I try not to think about my TV, BBC or MTV  
I try not to think about the rain

Oh oh oh  
What's wrong with me?  
Oh oh oh oh  
What's wrong with me?

I try not to think about the planets when they line up wrong  
I try not to think about the rain  
I try not to think about the future or the future, so on and so on  
I try not to think about the rain

Oh oh oh  
What's wrong with me?  
Oh oh oh oh  
What's wrong with me?
