

# Sometimes I Cry

DeAndre Brackensick

Verse 1-

Two years since you walked away from me  
Since all of our scattered dreams  
Were just thrown away  
I'm finally gettin back to what I used to be  
Share my pain with my family  
Think I'm on my way I can sleep at night,  
I don't reach for you when I wake up  
But it's taken some time  
I can live my life  
Without praying that we could make up  
I'm movin on, I'm feeling strong inside-Chorus 1-  
But sometimes I cry, babe  
When I'm all alone  
With this heart of mine  
Sometimes I cry, babe  
Although you've been gone  
For a long, long time-Verso 2-  
Heard you're moving in with someone new  
I hope all your dreams come true  
And you'll both be happy, yeah  
Been long enough for me to take a look around  
I've met a girl, we've been hangin out  
She's been good for me But when we're makin love  
She don't take me there like you used to  
And it hurts when I lie (when I lie baby)  
Help me understand how to push you out,  
Forget you and let you go,  
Cuz Lord knows I've tried, yeah-Chorus 2-  
But sometimes I cry, babe  
Been at all that hurtin  
For a long, long time (yes, I have babe)  
Sometimes I cry, babe  
Ain't nothin workin  
For this pain of mine-Bridge-  
I'll just have to fake it  
Until I can make it  
There's a smile on my face, yeah  
But I'm broken inside
