Hollow inside, I was hollow inside  
But I couldn't find out what the reason was  
Why I wasHollow inside, I was hollow inside  
But I couldn't find out what the reason was  
Why I wasHollow inside, I was hollow inside  
But I couldn't find out what the reason was  
Why I wasHollow inside  
Hollow inside  
Hollow insideWhy I was  
Hollow inside  
Hollow inside  
Hollow insideHollow inside, you were hollow inside  
But I couldn't find out what the reason was  
Why I wasHollow inside, you were hollow inside  
But I couldn't find out what the reason was  
Why I wasHollow inside, you were hollow inside  
But I couldn't find out what the reason was  
Why I wasHollow inside, you were hollow inside  
But I couldn't find out what the reason was  
Why I wasHollow inside

Why I was  
Hollow inside, we're all hollow inside  
But I couldn't find out what the reason was  
Why I was  
Hollow inside, we're all hollow inside  
But I couldn't find out what the reason was  
Why I was  
Hollow inside, we were hollow inside  
But I couldn't find out what the reason was  
Why I was
