

Wizard in Black

Electric Wizard

[sample: "You're all the same, the lot of you, with your long hair and]
[faggot clothes. Drugs, sex, every sort of filth. And you hate the police,]
[don't you?" "You make it easy."]A tower stands on the edge of time
Upon it stands the astral mind
The burning chaosphere seethes behind
Ours to see yet we are blindThe eyes of God look upon what he's done
And the eyes of Man look on and beyond
I am a god, I am the one
Into the chaos see my time has begunThe wizard in black reveals the sign
The chosen are ready, destiny realigns
Eye of ultra soul, together we join
Alone again, once again, into the voidThe eyes of God look upon what he's done
And the eyes of Man look on and beyond
I am a god, I am the one
Into the chaos see my time has begunCosmic eye in the heart of the sun
Freedom rays awaken the chosen onesThe eyes of God look upon what he's done
And the eyes of Man look on and beyond
I am a god, I am the one
Into the chaos see my time has begun
