## Universal traveler

## Air

I know so many places in the world I follow the sun in my silver plane Universal travelerIf you have a look Outside on the sea Everything is white It's so wonderful Universal travelerSo far, so far So far awayI met so many People in my life I've got many friends Who can care for me Universal travelerJust feel everywhere at home Tomorrow Is a brand new day Let's go somewhere else Universal TravelerSo far, so far So far away
