A Match Into Water

Pierce The Veil

I kissed the scars on her skin
I still think you're beautiful and I don't ever wanna lose my best friend
I screamed out "God, you vulture. Bring her back or take me with her"
Tear it down, break the barricades
I wanna see what sound it makes
I hate this flavor with a passion and I fucking hate the afertaste
How does it feel, how does it feel well it feel like I'm on fire
Wake up I know you can hear me
Make me a promise here tonight
Love like a tidal wave
Dreamless in early graves I never want it to be this way
The chemicals will bring you home again
This is it, when it's done we can say that
When it's sudden death we fight back
Oh yeah, pretend like I don't entice you
I've seen you circling the sky above my head you traitor
I will never be taken for granted again

Keep digging holes in the desert
Say a prayer for you
I kow that you're in pain, but if we die at the same time does it still scare you?
Make me a promise here tonight
Dreamless in early graves I never want it to be this way
The chemicals will bring you home again
This is it, when it's done we can say that
Oh my god, we're not gonna make it
We will bring the tidal wave
And nothing will remain
She's mine you stay away from her
It's not her time, 'cause baby I'm the one who haunts her dreams at night until she's satisfied
Make me a promise here tonight
Love like a tidal wave
Dreamless in early graves I never want it to be this way
The chemicals will bring you home again
This is it, when it's done we can say that
When it's sudden death we fight back
