

# Ordinary Love

Paris Bennett

No, I don't know what's really going on, tell me what's happening  
It's like a whirlwind so amazing, so tired of fighting this feeling  
And frankly I'm a little confused about it, don't know if I'm dreaming  
Cause he's so attentive and I can't believe it  
What is this thing that I'm falling in? Somebody pinch me cause I think that I'm dreaming  
I'm so messed up cause I just can't believe what I'm seeing  
It's all because of what this man has got me believing  
I like it and I want more of this feeling, ohh This is no, no ordinary love  
He is the one I've been dreaming of  
Cause I like it and I love it  
And I need it, just can't get enough Can't fight this, this feeling anymore  
He is the one I've been waiting for  
I'm dreaming, let me be cause I love him  
And just can't get enough I don't know how I could feel this way, how did he do this to me?  
He's got me open and I am hoping that we won't ever go away  
And frankly I'm a little scared about it  
Dont know if this is for real cause this is crazy, it's making me crazy  
What is this thing that I am dealing with? Somebody pinch me cause I think that I'm dreaming  
I'm so messed up cause I just can't believe what I'm seeing  
It's all because of what this man has got me believing  
I like it and I want more of this feeling, yo This is no, no ordinary love  
He is the one I've been dreaming of  
Cause I like it and I love it  
And I need it, just can't get enough Can't fight this, this feeling anymore  
He is the one I've been waiting for  
I'm dreaming let me be cause I love him  
And just can't get enough This dude here just might be my soul mate  
And I like, like the way his love controls me  
Puts me first before his money and his homies  
Hold up y'all, I don't think you feel me This dude here just might be my soul mate  
And I like, like the way his love controls me  
Puts me first before his money and his homies  
Call it what you want but this ain't no ordinary love This is no, no ordinary love  
He is the one I've been dreaming of  
Cause I like it and I love it  
And I need it, just can't get enough Can't fight this, this feeling anymore  
He is the one I've been waiting for  
I'm dreaming let me be cause I love him  
And just can't get enough This is no, no ordinary love

He is the one I've been dreaming of  
Cause I like it and I love it  
And I need it, just can't get enough Can't fight this, this feeling anymore  
He is the one I've been waiting for  
I'm dreaming let me be cause I love him  
And just can't get enough
