You And I

Garou

Well, I'm starting the day
Trying to find different ways to get through
Till it's time to come back
And I can't slow it downAnd I'm climbing the walls
And I feel like I'm under attack
There's too many people that get in my way
And there's never a right time that I get to sayWhen you and I touch hands when you and I stop
Still in the moment it's you and I
Not running for something that's already gone
When it's just you and I that's when I'm homeThat's when I'm home
There's always the question what's holding me downShow me an answer cause I haven't found
A way to escape to get out of it all
Somewhere that I am allowed to fall
With no bones to break I can be who I amCause you know me better than anyone
When you and I touch hands when you and I stop
Still in the moment it's you and I
Not running for something that's already goneWhen it's just you and I that's when I'm home
That's when I'm home
Home's not a house with windows
And walls not a place to be shut in
There are no doorsAnd no matter where I come to rest
Your arms will be my safety net
