

# Into Submission

## Sinister

20 years ago my anguish sealed an oath  
Found on the steps of the demon church  
Fiercely hunted by the secret society  
War against the underworld for 1, 000 more years Rulers of slavery  
Relentless tragedy  
Become the sacrifice  
Hate their empty hearts  
Silently they marched, spreading their disease  
Gruesome art spread out, tangled in blood  
Lugubrious atmospheric design, a feast for the  
dreadful  
A social higher awareness will end the status quo Bizarre and unique lies  
Suspicion of the lead  
Frantic rage and fright  
Into submission  
When all is lost  
Buried underneath  
Strange change of faith - inside my deepest hate  
Into submission,  
Pray useless prayers towards your fictional god,  
Only the penitent man will pass [Repeat 1st, 3rd,
