

# The Art Of Parties (2003 Digital Remaster)

## Japan

Once I was young  
Once I was smart  
Now I'm living on the edge of my nerves  
The things we said weren't quite so tough  
When we were youWell I'm burning,  
I'm burning buildings  
I'm building this timeBurn  
For the art of parties  
Burn  
Under heavy weather  
The art of parties  
I'm burning, burningI'm living  
I'm living my life  
I'm living this timeBurn  
For the art of parties  
Burn  
I'm burning, burning(The wind blew through my hair)  
Once I was young  
(I'd shelter from the sun)  
Once I was smart  
(We lived on the strength of our nerves)  
When we were youWell I'm building,  
I'm burning buildings  
I'm burningBurn  
For the art of parties  
Burn  
Under heavy weather  
Burn  
For the art of parties  
I'm burning, burning
