Around My Dream

Silver Pozzoli

You are my dream around my sweet desireYou are the air the moon that's in the sky.
I see there is a glow on all the peopleGuess they know that I'm so deep in love.Day after day I'm feeling very happySince you came and knew you were the one.
I want a love to keep me going
babyI close my eyes and all I dream is you.See
see
see
see my dream aroundhdudyp. . . see my dream around.See, see, see, see my dream around,Tyhdudyp. . . see my dream.
I want you to stay here beside me, honey,
Put your lips on mine and take my mind tonight.
You are my life, my star, my rain and fire,
All I can do is really always dream.
Day after day I'm feeling very happy, . . .See, see, see, see my dream around, . . .
See, see, see, see my dream around, . ..I want you to stay here beside me, honey,I want you to stay by my side.I want you to stay here beside me, honey,I want you to stay by my side.
