

I Need You

The Muffs

I need you so bad, yeah

It's not a lot for me to ask of you to lend a helping hand I need you right now, yeah

In every day and every way to love you, yeah, I don't know how You don't want to take the time for the clearing
of my mind

Yeah, it's just a waste of time I need you Something always snaps at me whenever you're near

Something always snaps at me whenever you're near Something always snaps at me whenever you're near

Something always snaps at me whenever you're near I need you

I need you

I need you
