

# Human (Live from Spotify Stockholm)

## Daughter

Woken up like an animal  
Teeth ready for sinking  
My mind's lost in bleak visions  
I've tried to escape but keep sinking Limbs lost to a dead weight stake  
Skull cage like a prison  
And he's lost faith he'll ever see again  
So may he once thought of me then Underneath the skin there's a human  
Buried deep within there's a human  
And despite everything I'm still human  
But I think I'm dying here Woken up like an animal  
I'm all ready for healing  
My mind's lost with nightmares streaming  
Woken up (kicking screaming) Take me out of this place I'm in  
Break me out of this shell-like case I'm in Underneath the skin there's a human  
Buried deep within there's a human  
And despite everything I'm still human I think that I'm still human  
I think that I'm still human  
I think that I'm still human Underneath the skin there's a human  
Buried deep within there's a human  
And despite everything I'm still human  
But I think I'm dying here
