

Hands off My Heart / Places You Go

MKTO

Baby, you don't even know it
but you're leaving me in pieces
You take, you take, you take me apart
Baby, I surrender, its to late for me to get your
Hands off, hands off,
Get your hands off my heartTryina get myself together,
But I'm losing my mind
Every second that I think of you
Stealing every single piece of me
Like love is a crime
Should be illegal what you doThere's only so much I can take
I tried so hard, I can't escape
Your body's always in my way
There you are, there you areBaby, you don't even know it
but you're leaving me in pieces
You take, you take, you take me apart
Baby, it's alright, it's never too late for me to get you
Hands off, hands off,
Get your hands off my heart[Guitars break]Get your hands off my heart
Man eater, dance gamer
Cut her on the bus with the red leather
Girl, come back, so deceiving
I wished you'd come in, call me even
Take you where you want, too good to be true
All the time warning, never thought it would be you
Taking a chance, like I was the man
Wish you'd leave me with my heart in your handsThere's only so much I can take
I tried so hard, I can't escape
Your body's always in my way
There you are, there you areBaby, you don't even know it,
but you're leaving me in pieces
You take, you take, you take me apart
Baby, it's alright, it's never too late for me to get you
Hands off, hands off,
Get your hands off my heart!Ooh, you're tryina get me break free
Put your hands on my heart, got a hold on me
I don't know is this really how's supposed to be
Too many calls, and I'm ??
Did you ever see the way that you walk?

The way that you talk?
You got me laying dead in the streets
You knew what you was doing right from the start
Can't stop, squeezing with your hand to my heart
Take your, take your hands off me
Take your hands off, hands off, off me
Take your hands off, hands off, off me
Take them off me, take them off me
Baby, you don't even know it,
but you're leaving me in pieces
You take, you take, you take me apart
Baby, it's alright, it's never too late for me to get you
Hands off, hands off,
Get your hands off my heart!"Places To Go"
You come forward, baby, don't get too close
Or you might not like the places you go
You can smile with my heart in your hands
But you might not like the places we land
Ooh oh oh oh
Ooh oh oh oh
Oh, you might not like the places you go
Got you by surprise,
(Birthday)
Got you in your lies,
(The worst way)
Now there's no disguise
(You're thirsty)
Every time you say goodbye
(No mercy)
I'm in your mercy
With flashes fly by you later
But you can't see
Is that me leaving you is doing you favor
'Cause I can't breathe
Trusting my words only cut like a razor
Trusting my words it's free like a vapor
I'm a real heartbreaker
You come forward, baby, don't get too close
Or you might not like the places you go
You can smile with my heart in your hands
But you might not like the places we land
Ooh oh oh oh
Ooh oh oh oh
Oh, you might not like the places you go
Tell me what you like
(Plain stare)
What you want it like
(Don't care)
Welcome to mine
(Nightmare)
You should run and hide
(I don't play fair)

You wanna play here,
I made the rules,
and when I want I break them
Baby, stay clear
As soon as I'm done and I'm out
and I place one
You can go be
You started loving me, later you hated
This time I felt you fuck with me, baby
When I played you wasted, you fold You come forward, baby, don't get too close
Or you might not like the places you go
You can smile with my heart in your hands
But you might not like the places we land Ooh oh oh oh
Ooh oh oh oh
Ooh oh oh oh
(Don't know, oh)
Oh, you might not like the places you go
Oh, you might not like the places you go
