

# When I'm With You

Steve Harley & Cockney Rebel

You're capable of anything  
You got a streak of the devil's disgrace  
I'm gonna martyr myself  
But I don't give a damn anyway Completely irresistible  
You put the worst kind of thoughts in my way  
If but I knew you were here  
I can see you clear  
Keep the options on you right away When I'm with you babe  
I don't see anyone else  
When I'm with you babe  
We're all alone  
When I'm with you babe  
I don't need anyone else  
When I'm with you babe  
We're all alone  
Compared with any other girl  
You're like a fool that can zoom in a sleeve  
And on a scale of one to ten  
You're eleven and that's all I need In a pocket full of miracles  
You're a shock like electricity  
No matter how you protest  
There's no way to contest  
That you're bringing the best out in me When I'm with you babe  
I don't see anyone else  
When I'm with you babe  
We're all alone  
When I'm with you babe  
I don't need anyone else  
When I'm with you babe  
We're all alone  
When I'm with you babe  
I don't see anyone else  
When I'm with you babe  
We're all alone  
When I'm with you babe  
I don't need anyone else  
When I'm with you babe  
We're all alone When I'm with you babe  
I don't see anyone else

When I'm with you babe  
We're all alone  
When I'm with you babe  
I don't need anyone else  
When I'm with you babe  
We're all alone
