Is There Something I Should Know

Curtis Salgado

They were good times going on Down in Chinese rendezvous
I got there are around midnight, Just like I always do
Lord it sure got quiet, When I walked through the door
Said has anybody seen you, I got some smiles but nothing moreOh so tell me, tell me
Is there something I should knowWell It's late I just got home from work, and you were nowhere to be found
I'm a proud man baby, I ain't about to chase you down
And when we talk, it means nothing, you don't smile anymore
And when I saw you this morning, oh oh baby we barely say hello
So tell me, tell me
Is there something I should knowWe have to face it girl
We knew it all the time
Are we lying to ourselves
Denying What we suspected all alongSo be honest with me girl, Please Look at me and tell the truth
You don't really love me, Like you used to do
I don't want this to be over, And you know it would hurt to see you go
But if you're gonna break this heart, please don't do it slow
So tell me, tell me
Is there something I should know
So tell me, tell me, tell me, tell me
Is there something I should know
