

Savior of the Week

We Came As Romans

What's the addiction here?
You taste for the dancing scene
Disposable high and you keep wanting more
The world's at your fingertips but you can't get enough of it
Just possible high that you just can't ignore And I'm thinking that you're always gonna chase
And that you're never gonna change
And it leads me to wonder it Who's gonna be the one, one
Breath the air in your lungs, lungs?
Who's gonna be the savior of the week?
Looks like you fell in love, love
'Til the next one shows up, up
You're gonna be the easiest to please
Who's gonna be the savior of the week? (Oh wow oh)
Who's gonna be the savior of the week? They're all replaceable, in your head you chase the hole
Allusion that they'll give you all that you need
But you're never satisfied empty and lost inside
You'll come to find that it's all temporary And I'm thinking that you're always gonna chase
And that you're never gonna change
And it leads me to wonder it Who's gonna be the one, one
Breath the air in your lungs, lungs?
Who's gonna be the savior of the week?
Looks like you fell in love, love
'Til the next one shows up, up
You're gotta be the easiest to please
Who's gonna be the savior of the week? (Oh wow oh)
Who's gonna be the savior of the week? (Oh wow oh)
Who's gonna be the savior of the week? Savior
Savior
Savior Who's gonna be the one, one
Breath the air in your lungs, lungs?
Who's gonna be the savior of the week?
Looks like you fell in love, love
'Til the next one shows up, up
You're gotta be the easiest to please
Who's gonna be the savior of the week? (Savior)
Who's gonna be the savior of the week? Who's gonna be, who's gonna be, who's gonna be the savior of the week?
(Savior of the week)
Who's gonna be the savior of the week? (Savior)

Who's gonna be, who's gonna be
Who's gonna be the one, one
Breathe the air in your lungs?
