Give Your Love To Me

TKA

All your friends tell me that you care for me
You hide all your feelings and you're scared of meBut let me wipe away all your fears, all your fears
Whisper sweet words into your ear, I love you my dear
Hold me close and don't try to run
'Cause this love affair has just begunGive your love to me, I want your love
Give your love to me, all through the night
Please don't try to hide what you feel inside for me
Give your love to me, give your love to meI know you're thinking I'm not good for you
Maybe your worried, what your friends might say
I know I love you and my words are true
So go tell your friends girl, I'm here to stayBut let me wipe away all your fears, all your fears
Whisper sweet words into your ear, I love you my dear
Hold me close and don't try to run
Cause this love affair has just begunGive your love to me, I want your love
Give your love to me, all through the night
Please don't try to hide what you feel inside for me
Give your love to me , give your love to meBut let me wipe away all your fears, all your fears
Whisper sweet words into your ear, I love you my dear
Hold me close, don't try to run
'Cause this love affair has just begunGive your love to me, I want your love
Give your love to me, all through the night
Please don't try to hide what you feel inside for me
Give your love to meGive your love to me, I want your love
Give your love to me, all through the night
Please don't try to hide what you feel inside for me
Give your love to meYou need it, I want it, you got it, I'm going to take it
To give it, you get it, I took it, we're gonna make it
I know it, just show it, there's no mistaking
'Cause to give is to take and you're giving me all of your loveGive your love to me, I want your love
Give your love to me, all through the night
Please don't try to hide what you feel inside for me
Give your love to meI'll give you love to last a lifetime
Come take my hand and go with me
No need to hesitate, there's no time to waste
On your mark, get ready, setWhere's your love? Give your love to me
Don't try to hide it, don't try to hide it
Give your love to me, you got to give it
You got to give me your loveDon't try to hide it, don't try to hide it
You got to give it, you got to give me your love
