

# Diamond Lightning

## Minus the Bear

We all go down to Coselyn Bridge?  
it's where they say all the magic is  
over that dried up riverbed  
blocked by boulders at both ends  
we all go down to Coselyn Bridge?  
where we ended and we beganInfinity overhead  
and i whisper, are you listening?  
liquid concrete under our feet  
trippin on the constellations we see  
diamond lightning  
seeing where seams are sewn inWe all go down to Coselyn Bridge?  
rent this seal? for the first time again  
canyon walls became the audience  
time becomes irrelevant  
all go down to Coselyn Bridge  
to be wedded to our accidentsLiquid concrete under our feet  
trippin on the constellations we see  
diamond lightning  
seeing where the seams are sewn in
