These Wooden Ideas

Idlewild

It's a better way to feel, don't be real, be post modern
(It's not that one dimensional, it's not the only thought)
It's a better way to feel, when you're not real, you're post modern
(It's not that one dimensional, it's not the only thought)I stopped and waited for progress
I stopped and waited for progress
I stopped and waited
But I'm not willing to accept it allThis wooden idea is your method of repetition
This wooden idea is how you sell reductionIt's the best way to feel, don't be real, it's post modern
(It's not that one dimensional, it's not the only thought)
It's a better way to feel, when you're not real, you're post modern
(It's not that one dimensional, it's not the only thought)You can't keep waiting for progress
You can't keep waiting for progress
You can't keep waiting
And I'm not willing to accept it allThis wooden idea is your method of repetition
This wooden idea is how you sell reductionI bet you don't know how to spell contradiction
I bet you don't know how to sell conviction
I bet you don't know how to spell contradiction
I bet you don't know how to sell convictionThis wooden idea is your method of repetition
This wooden idea is how you sell reduction
