## Dredg

Yes, take time to realize what you have  
Yes, I did but suspended and now I hang  
Beneath the ground that we have made  
For all of us to walk on See me now  
Crawl away, crawl away  
See me now  
Crawl with me See me now  
Crawl away, crawl away  
See me now  
Crawl with me Yes, take time to realize what you have  
Content but descended and now I swim  
Beneath currents of hope and faith  
Now it is time to surface Wake up brother  
[Incomprehensible]  
[Incomprehensible]  
Where you go See me now  
Crawl away, crawl away  
See me now  
Crawl with me Believe me now  
Crawl away, crawl away  
Come crawl with me
