You're Gonna Get It (feat. Diamond Stone)

[Angie Stone](#)

I've been watching you very closely
And mostly you stick to yourself
You and nobody else
I'm digging your style
Never spot you with too many women
Acting foolish and giggling
Basically what I'm sayin' is I'm feeling you yeah yeah[Chorus]
Tell me what to do
Just to be with you
Whatever it is
You're gonna get it, oohTell me what to do
Just to be with you
Whatever it is
You're gonna get it, ohDo I gotta changed my style just a little or a lot
Let me know so I can get it right
Cuz whether it's my hair, the clothes I wear
I don't care I'm gonna do anything I have to[Chorus: x2]If you wanted me to
I would do anything that you could ask me to
And I would do anything to keep you happy, yes I would
All you have to do is tell me[Chorus: x2]Oh baby, baby
I'm on a midnight train
What I'm feelin' is sexual feelingsWhatever it is, whatever it is
You're gonna get it
