Jealous

Nina

Jealous of the girl who caught your eye
One of my darker days
When you looked at her where was I?
Shoulda been in her place, here I am
All alone imagining what might have been, could have been
If I had been thereJealous of the one whose arms are around you
If she's keeping you satisfied
Jealous of the one who finally found you
Made your sun and your stars collideLa la la la la la la
She's a very, very lucky girl
La la la la la la laJealous of the one who won your heart
They say it's a perfect match
She's gonna get to be where you are
And I don't get better than thatShe'll say you're fine
Whisper words I wish were mine
And they might have been
If I had been thereJealous of the one whose arms are around you
If she's keeping you satisfied
Jealous of the one who finally found you
Made your sun and your stars collideLa la la la la la la
She's a very, very lucky girl
La la la la la la laYou know I'd fight the good fight
If I thought I'd change your mind
But if she makes you happy
I would leave that dream behindMan, she better treat you right
And give you everything
'Cause at the moment she doesn't
I'll be waiting in the wingsJealous of the one whose arms are around you
If she's keeping you satisfied
Jealous of the one who finally found you
Made your sun and your stars collideLa la la la la la la
She's a very, very lucky girl
La la la la la la laLa la la la la la la
She's a very, very lucky girl
