No End In Sight

Katrina Elam

There's a melody in my head
An' I ain't stopped hummin' it since I saw your face
There's a feelin' I can't forget
It started with you kissin' me that way
An' there's no end in sight
Like an Oklahoma wheat field growin'
You got my heart in motion, gone
I'm the pinks an' you're the reds
Just like the sunset, we belong
An' there's no end in sight
How high is the sky? How long is time?
With you is how I'm spendin' mine
Like there is no end in sight
I wanna laugh, I wanna live
I'm gonna love you like there is
Like there is no end in sight
So kick your shoes off, stay a while
There's nothin' here but stars for miles an' me
We're standin' on the edge of somethin'
Not afraid of jumpin' in deep
An' there's no end in sight
How high is the sky? How long is time?
With you is how I'm spendin' mine

Like there is no end in sight
I wanna laugh, I wanna live
I'm gonna love you like there is
Like there is no end in sight
I'm gonna love you, gonna love you
How high is the sky? How long is time?
With you is how I'm spendin' mine
Like there is no end in sight
I wanna laugh, I wanna live
I'm gonna love you like there is
Like there is no end in sight
I'm gonna love you like there is
No end in sight
I'm gonna love you like there is
No end in sight

I wanna laugh, I wanna live
I'm gonna love you like there is
There is no end, is no end, is no end in sight
There's a melody in my head
An' I ain't stopped hummin' it since I saw your face
