

# Nobody's Hero

## The Heavy

Built it up knock it down  
Wear your love like a crown  
Keep the faith in my head, in my heart, in my bed  
Promise me, faithfully, find out what it means to be  
Here today, gone tomorrow, too much pain, too much sorrow  
Cry it out, let it bleed  
Wait until the waves recede  
Rip apart what's in my hand, dewll upon what's not been said  
Rue the loss of innocence, no release, no recompense  
How long will this whole thing take?  
Will it bend or will it break?Nobody's hero  
Nobody's hero  
Nobody's hero  
I'm nobody's championChant your name, sing its song  
Burn a fire all night long  
Make a protest, cut that rug  
Anaesthetised like a drug  
Count the cost of a new start, poisoned well, broken heart?  
Will I stand or will I shake?  
Is it real or is it fake?Nobody's hero  
Nobody's hero  
Nobody's hero  
I'm nobody's championNo one's idol, no one's saint, I'm no one's Lionheart  
With every kind of mess I make  
How can I be your guiding star?Nobody's hero  
Nobody's hero  
Nobody's hero  
I'm nobody's champion
