

# Obsession

## Starfield

Yeah

I am fixed on You

As the world flies by

I have lost myself

In Your blinding light

This obsession is my call, owning body mind and soul

All I live for is to know You and be known

This obsession makes me whole, I give in to its control

It consumes me like a fire within my bones

I am not my own

I have been erased

Like a canvas washed

By the stokes, the stokes of grace

This obsession is my call, owning body, mind and soul

All I live for is to know You and be known

This obsession makes me whole, I give in to its control

It consumes me like a fire within my bones

This fire within my bones

It burns, it burns, it burns

You're my obsession

You're my obsession

You're my obsession

You're my obsession

You're all I ever need

You're my obsession

I'm Your possession

You're my obsession

I'm Your possession

You're my obsession

I'm Your possession
