

# Puppet Show

## Avatar

Puppet king, oh puppet king  
When you sleep do you dream of control?  
Everything, run by strings  
Your shadow has a voice of its own  
Puppet king, oh puppet king  
Have your subjects found out that you're dead?  
Whispers sing in the wind  
The puppet mob has come for your head  
Puppet show  
Puppet show  
Puppet king, oh puppet king  
The end is near  
The curtains comes down  
Hear them sing, dance and drink  
A puppet king without a puppet crown  
Puppet show  
Puppet show  
All the children sing  
Of a crownless king  
When the children sing  
Then you will know... the puppet show  
Puppet show  
Puppet show
