

# Hemingway (feat. Jussie Smollett)

## Empire Cast

Gonna tell a story of a feather who fell in love  
I said that I'd be for you when no one even needs you  
Phonetically in my  
I thought that I would get the last this but now I see I get the best  
No one tied my waist, I'm tryna make a statement  
The words are coming out my head  
At night in my room, I see your eyes  
Promise to treat you right, you are my butterfly  
You knew I'd be your man, I knew you'd understand  
You needed me, I needed you but now just fly[Hook:]  
Hemingway, I'm gonna write that word, I wanna say  
I know I loved you from the first day  
Don't hold us down and turn the , it's ours to rule  
But it's true that I, I'm gonna keep on loving you There's been a few times you cried  
And even more times than I messing with the wrong crowd  
Feeling like a big cloud, thunder loud  
But suddenly the gods have changed  
And now I'm whispering your name  
Maybe for you don't make sense, true that we me the change  
Sometimes life gets so cold, your fire to your soul  
And now I see that you and me, we could grow old  
For once it's not a test, I'm living in the past  
Just wanna be personally, only be your man[Hook:]  
Hemingway, I'm gonna write that word, I wanna say  
I know I loved you from the first day  
Don't hold us down and turn the page, it's ours to rule  
But it's true that I, I'm gonna keep on loving you You, oh baby, I'mma keep on loving you  
Oh , I'mma keep on loving you  
Said oh darling, I'mma keep on loving you  
I'mma keep on loving you, keep on loving you  
Oh baby, I'mma keep on loving you  
Oh sugar, I'mma keep on loving you  
Said oh darling, I'mma keep on loving you  
I'mma keep on loving you, keep on loving you[Hook:]  
I'm gon' keep on loving you, I'm gon' keep on loving you  
I'm gon' keep on loving you, I'm gon' keep on loving you  
Said everything's good, just keep on loving you  
Said everything's good, just keep on loving you
