

Chapel Hill

Echo Orbiter

Crazed and Bruised
Afternoon
Overnight
Melodies
Cigarette
Disappear
Soldier's drink
Shotgun stink

Chalky smoke worship, yesterday
Kiss the poor forehead of her instead
All you girls will cry and grow apart
Flush your face in peace, we never met

Deliberate headache
Look for an enemy
But you dream so
Lost and deceived love's a bomb to explode

Discouraged
Poetry
Dirty hands
Bedroom lull
Hatchet cuts
Empty trash
Diamond ring
Compromise
