Nelly

Ohh, turn it up, turn it up, turn the beat up

Derry E N T

Turn it up some mo', okay, you turn it up a little bit?

Here we go, we all, we go, ohhShe blowin' 'cause she seen that car, she 'bout to blow

She blowin' 'cause you turned that corner, there they go

She blowin' 'cause she seen that watch, she 'bout to blow

She blowin' 'cause you flashed in it on her, 'bout to blowShe blowin' 'cause she seen that knot, she 'bout to  
blow

She blowin' 'cause she seen your flash, there they go

So many y'all in one spot, she lose her mind

She never seen so much cashSo let it go lil' mama, let it go lil' mama

Just let it go lil' mama, let it go lil' mama

Just let it go lil' mama, let it go lil' mama

Just let it go lil' mama, let it goYo, they call me Mr. Intellectual, I keep a bunch of vegetables

Carrots and the broccoli, how the hell can you stop me?

Naughty by nature, yup I'm treacherous and less than this

Would be uncivilous, and like some syphilis, I'm killin' this

Beat by Pharrelly, yeah, yeah, really, Chad this is silly, j-j-just sillyGot a team in the Carolinas, your highness

Keep the finest big booty behind us, behind us

Just to remind us that, that we the flyest so

Kids at home, yo please don't try thisMy hands in my pocket, mayne, I'm doin' the wop

Lil' mama on her Snoopy Doggy Dogg, she droppin' it hot

I got whatever in my garage, pull up and shut down your spot

I got how many in my bezel, man, I shut down your watch

Oh yeah, I'm rappin', believin', my zing and my trees in

And soon I'll be leavin' with yo' chickShe blowin' 'cause she seen that car, she 'bout to blow

She blowin' 'cause you turned that corner, there they go

She blowin' 'cause she seen that watch, she 'bout to blow

She blowin' 'cause you flashed in it on her, 'bout to blowShe blowin' 'cause she seen that knot, she 'bout to  
blow

She blowin' 'cause she seen your flash, there they go

So many y'all in one spot, she lose her mind

She never seen so much cashSo let it go lil' mama, let it go lil' mama

Just let it go lil' mama, let it go lil' mama

Just let it go lil' mama, let it go lil' mama

Just let it go lil' mama, let it goShe call me Mr. Extra Sexual, Scorpio ma is legible

Extraterrestrial, she say I'm harder to swivel

I keep a fresh pair of Versace, you shine up my Liberace

She my Dolce and my Gabanna, ma I'm keepin' it thoroughI keep one hundreds in the bunnies

Let me keep it one hundred  
I'm the most underrated, under appreciated  
Most sold to dated, fuck you rapper we got  
See I don't drop every year to give you niggaz a shot  
Now I might not give five mics or a double-XL  
But fuck it, you keep it, I'ma take the hundred mil'  
And the Murcilago with the rim kitted Tahoe  
The show stopper, when I ride all you hear is, "Bravo"  
And all you hear is, "There he go"  
You see my paint job's a fool, my paint job be poppin'  
My paint job's so wet my license plates read, what it read? Pussy  
Shut yo' mouth  
She blowin' 'cause she seen that car, she 'bout to blow  
She blowin' 'cause you turned that corner, there they go  
She blowin' 'cause she seen that watch, she 'bout to blow  
She blowin' 'cause you flashed in it on her, 'bout to blow  
She blowin' 'cause she seen that knot, she 'bout to  
blow  
She blowin' 'cause she seen your flash, there they go  
So many y'all in one spot, she lose her mind  
She never seen so much cash  
So let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go  
So let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go  
Listen now I, I  
She wanna know what my girlfriend know  
And she wanna see how deep this can go  
She wanna know how much she can blow  
She wanna know what my girlfriend know  
Bong bong, RZA  
She 'bout to blow, there they go  
She 'bout to blow, 'bout to blow  
She 'bout to blow, there they go
