

# Sunshine Riptide (feat. Burna Boy)

## Fall Out Boy

I don't even have my own attention  
You say "please don't ever change"  
But you don't like me the way I am  
The sign says don't tap the glass  
But I read it in reverse, ssalg eht pat t'nod syas ngis ehT  
The world tried to burn all the mercy out of me  
But you know I wouldn't let it  
It tried to teach me the hard way  
I can't forget it  
Driving down the coast again  
The pills are kicking in  
The pills are kicking in  
She said I love you till I don't I'm just playing house  
No idea what I'm doing now  
There are no atheists in foxholes  
The pressure's getting to me  
It's time to throw in the towel  
'Cause I'm stuck in the sunshine riptide  
Dancing all alone in the morning light  
The sunshine riptide  
You came in like a wave when I was feeling alright  
The sunshine Call me Oluwaburna  
I fell in love but I didn't fall down  
They say me nah normal  
Drink Hennessy, me nah drink water  
Make me stumble pon me Air Jordan  
Ain't no slowing down, no I keep it rolling now  
Smoking in my fucking ride  
Passing it to my fucking guys  
Feel like I'm bulletproof, bulletproof, baby  
With the sun shining through  
Got the blunt and the juice, cruise  
Riding through the...  
The sunshine riptide  
Dancing all alone in the morning light  
The sunshine riptide  
You came in like a wave when I was feeling alright  
Sun, sun, sun  
Sun, sun, sun (I'm stuck in the sun)

Sun, sun, sun  
Sun, sun, sun You are my truest feeling yet  
I love you so much  
It's just like oxygen  
And it's going to my head  
A public meltdown  
Petulant but irreverent  
Take all your possibilities and take away the limits  
Take your ideas and throw away all the gimmicks  
I do the best with what I have  
The pills are kicking in  
The pills are kicking in 'Cause I'm stuck in the sunshine riptide  
Dancing all alone in the morning light  
The sunshine riptide  
You came in like a wave when I was feeling-  
I was stuck in the sunshine riptide  
Dancing all alone in the morning light  
The sunshine riptide  
You came in like a wave when I was feeling al-  
Sun, sun, sun  
Sun, sun, sun (I'm stuck in the sun)  
Sun, sun, sun  
Sun, sun, sun
