

Worms Of The Senses/Faculties Of The Skull

Refused

I took the first bus out of coca-cola city
'Cause it made me feel all nauseous and shitty
I took the first bus out of shell town
'Cause they didn't want me hanging around Yeah, yeah
I took the first bus
Yeah, baby
I took the first bus I took the first bus out of coca-cola city
'Cause it made me feel all nauseous and shitty
I took the first bus out of shell town
'Cause they didn't want
me hanging around Yeah, yeah
I took the first bus Let's take the first bus out of here
Let's take the first bus out of here
Let's take the first bus out of here Let's take the first bus out of here
Let's take the first bus out of here
Let's take the first bus out of here
Let's go
