

24K Of Gold (feat. J. Cole)

Big Sean

Wishing I could wrap my whole life up in 24 karats of gold
Lately I've been dreaming 'bout diamonds and pearls
Yup, diamonds and pearls, and enough money I could rule the world

If I ruled the world

If I ruled the world

If I ruled the world

If I ruled the world

If I ruled the world

If I ruled the world

If I ruled the world

If I ruled the world, I would buy it all

I'm addicted to champagne and buying the mall

I'm addicted to living life above the law

How much do it take to live above the law?

I call my homie Ralph up, cause his car stop

Told him bump a new car, come grab the car lot

That way you can have convertibles, and a hard top

Open up a few doors, since we had a hard knock, life

Like, open up, where restaurants and legs stay opened up

Start a franchise

So my dog can quit wearing a 44 up on his waist like it's his pants size

And to my OG locked up bumping Ready or Not

Who was just trying to do it big, but wasn't ready to die

Cop a first class whatever he like, with hoes already inside

Now he can rest in peace while he alive

Wishing I could wrap my whole life up in 24 karats of gold

Lately I've been dreaming 'bout diamonds and pearls

Yup, diamonds and pearls, and enough money I could rule the world

If I ruled the world

If I ruled the world

If I ruled the world

If I ruled the world

If I ruled the world

If I ruled the world

If I ruled the world Seems life's never at a stand still, even in a photo

Thinking about the ex girl, I hoed though

Like would we have won it all, or would I have lost it all like Ocho

The things I think about the most are things I never know though

Like, why don't school teach more mathematics
