

Re-write The Memories

New Edition

Man

I don't know what I'm gonna say to her 'magine ya know

I ain't ever been through nothin' like this

This was my heart man

I just gotta step up and just be a man about itFlashback time passed

Then nothin's the same

Lost our love in

Too many gamesAnd girl I hope that you

Forgot about

The reasons you forgave

But the memories don't seem to go awayNo I never ever meant to hurt you

No I never meant to make you cry

And I wish I could erase the heartache

And turn back the hands of time

And I'm sorry that you're still reminded

Wish I could just rewrite it

Our short stories last so long

Rewrite the memoriesThis crazy

I wish I can do it all again

So much to talk about

But nothing to say

'Cuz words are so empty

When you feel betrayed

I can't find a way to justify

The reason I just lied

But I did it all to spare you any pain

Oh yeah'Cause I never ever meant to hurt you

No I never meant to make you cry

And I wish I could erase the heartache

And turn back the hands of time

And I'm sorry that you're still reminded

Wish I could just rewrite it

Our short stories last so long

Rewrite the memoriesBaby I know you hurtin'

Just pick up the phone

Baby just talk to me

Oh baby let me hold you and rewind

And I won't make that silly mistake twice

Please hold me 'cuz I need you in my lifeNo I never ever meant to hurt you

No I never meant to make you cry
And I wish I could erase the heartache
And turn back the hands of time
And I'm sorry that you're still reminded
If could just rewrite it
Our short stories last so long
And I'm sorry that you're still reminded
Wish could just rewrite it
Our short stories last so long Rewrite the memories
Never meant to make you cry
Get back where we used to be
I wanna turn back the hands of time
If I could just rewrite it
I would just rewrite it
If I could just rewrite it
I'd rewrite our memories Y'all just don't understand
To have somebody real close to you
When you lose that trust
You basically lose everything I should've know no, no, no
