Out Tonight

The Explosion

We're gonna go
What ya gonna do?
We're goin' out tonightRunnin' through the streets like hooligans
We can see the morning lights
Kickin' down the door
To every corridorWe're gonna clear a path
Better get out of the way
'Cause we're comin' through fastWe have got to fight
To keep this party goin' all night
100 beers in me that is the plan
