

Every River

Kim Richey

Once upon a time
Somewhere in your past
Someone said forever
But that promise didn't lastNow you don't believe
 Love is ever true
 You steel yourself against the day
When I stopped loving youWhen the day comes that I don't love you
 Every star will fall out of the sky
 And every mountain will tumble down
 And every river run dryFor every drop of rain
 That ever touched the ground
 For every tear that ever fell
 And never made a soundI'll be there
 To hear you call
 And I'll be there to catch you, baby
Should you ever fallWhen the day comes that I don't love you
 Every star will fall out of the sky
 Every mountain will tumble down
Every river run dryWhen the day comes that I don't love you
 Every star will fall out of the sky
 Every mountain will tumble down
 Every river run dryEvery river run dry
