

# Say the Word

## Ten Hands

This is my day, I am all alone and unafraid  
Life is living, time alone can make you feel this way  
Are you with me, are you all alone and unafraid ?  
Love is loving, frozen in an everlasting day  
Say the word  
And it will be yours forever if you'll  
Say the word  
I will be yours forever and ever  
Just say the word  
This is my way, I am all alone and unafraid  
Are you learning too ? Life alone can make you feel this way
