

My Love Is Down

B.B. King

Dont you understand me, baby?
There'll never be no one else but you
Cant you understand me, baby?
There'll never be no other one but you
I loved you then and I love you now, baby
And no one else will ever do Every time the sun goes down, baby
My love, my love comes down for you
Every time it rain, baby
My love it comes down for you
There aint no other woman, baby
That can understand me the way you do If you would only listen to me, baby
We would still be together today
If you would only, only listen to me, baby
We would still be together today
But instead of listening to me
You listen to everything other people have to say Baby, please come home
Theres nobody in your place
Aye baby, please come home
Theres nobody in your place
Home is no home to me, baby
Without looking in your smiling face
