Ghostrider

The Gories

Alan Vega, suicide Ghostrider, Ghostrider
Ghostrider, motorcycle hero
Ghostrider, motorcycle heroBaby, baby, baby, baby, he's blazing away
Like the star, star, stars in the universe, yeah
Baby, baby, baby, he's looking so cute, yeah
Riding around in a blue jumpsuit, yeahBaby, baby, baby, baby, he's screaming the truth
America is killing its youth
I see them trying, dying, choking, drowning
Going down, going down, I see you dying, dyingOh, you don't wanna break apart Ghostrider's heart
He's riding through your town with his head on fire
He's riding through your town with his head on fireHalo burning eyes are crying, halo burning eyes are crying
Ghostrider, Ghostrider, Ghostrider, Ghostrider keep riding
Never stop ridingHey, hey, don't forget to burn, don't forget to burn
Burn with fire, with fire, fire, fire, fire with fire, yeah
