Baker Street

Undercover

Winding your way down to Baker Street
Light in your head and dead on your feet
Well another crazy day
You'll drink the night away
And forget about ev'rythingThis city desert
Makes you feel so cold
It's got... so many people
But it's got no soul
And it's taken you so long
To find out you were wrong
When you thought it held ev'rythingUsed to think that it was so easy
Used to say that it was so easy
But you're trying, you're trying nowAnother year and then you'll be happy
Just one more year and then you'll be happy
You're crying, you're crying now[saxophone solo]Way down the street
There's a light in his place
He opens the door, he's got that look on his face
And he asks you where you've been
You tell him who you've seen
And talked about anythingHe's got his dream about buying some land
He's gonna... give up the brooze
And the one night stand
And then he'll settle down
In this quiet little town
And forget about ev'rythingBut you know he's gonna keep moving
No, he's never gonna stop moving
He's rolling, he's a Rolling Stone
When you wake up it's a new morning
The sun is shining it's a new morning
You're going, you're going home[saxophone solo]Winding your way down to Baker Street
Light in your head and dead on your feet
Well another crazy day
You'll drink the night away
And forget about ev'rythingUsed to think that it was so easy
Used to say that it was so easy
But you're trying, you're trying nowAnother year and then you'll be happy
Just one more year and then you'll be happy
You're crying, you're crying now[saxophone solo to fade-out]
