There's a Place

Carpark North

There's a place that I like
It comes from within
And it starts
when I fall asleepIt's the thing inside you
that we call consciousness
And it works eatherwayAll I want to do is sub-usual
Something I can't define
Can't you feel it?
Can't you see it?
Is it something extraordinary?When I sleep, I am there
The place no one knows
It's my world
where I fall asleepAnd it's great to be there
'Cause here I am free
From all the degrading things...All I want to do...It's for you, this place of mine
Behind skies and stars
When the world falls asleepAll i want to do... (x2)
