God Dethroned

God Dethroned

Visions harass my life
Drowning all christian rats
Chaos opressing religion
God finally lost his throneFall of christ, their grip fainting away
Disbelievers escape their tiranny
Ripping throats of all their enslavers
Paradise in total desolationSet thou an unholy man
To be ruler over him
And let satan stand
At his right hand
God dethronedPriest kneel for reprieve
Death is all they recieve
Life slipping out of their bodies
Lucifer finally in commandSet thou an unholy man
To be ruler over him
And let satan stand
At his right hand
God dethronedMonks die, a bloody death
Churches burn
Apocalypse, no escape
Satanic raids
Your god is deadSet thou an unholy man
To be ruler over him
And let satan stand
At his right hand
God dethroned
