# Someday

## Los Lobos

Someday I will go home
Someday I will go home
And I'll find peace in the house
Of my heavenly father
And I will fear, fear no moreI, I know down in my heart
I know it won't be long
And I shall see the face
Of my savior
I will fear, I will fear
I will fear, pain no moreSomeday, I will go home
Someday, I will go home
And I shall take the hand
Of my savior
I will fear, I will fear
I will fear, pain no more
I, I will fear, I will fear
Pain no moreDriving home
Driving home
I'm driving home
