

Someday

Los Lobos

Someday I will go home
Someday I will go home
And I'll find peace in the house
Of my heavenly father
And I will fear, fear no more I, I know down in my heart
I know it won't be long
And I shall see the face
Of my savior
I will fear, I will fear
I will fear, pain no more Someday, I will go home
Someday, I will go home
And I shall take the hand
Of my savior
I will fear, I will fear
I will fear, pain no more
I, I will fear, I will fear
Pain no more Driving home
Driving home
I'm driving home
