

Babylon

Jamaram

What are we doin' to the world today?
What can I do to make it better?
Do you really know the role you play
To make a change, yeah? Well, I can hear so many people say
"It's too late now" anyway so why
Should I be the one to change dis place, my friend? Babylon
|: The place that I live become my home
I was born here and now that I am grown
Time to stand up and do the first storm
Here in the land of Babylon: | Right here in the land of Babylon And if we all could think the same
There's a chance to make it better
Time to stand up and quit the game, my friends, yeah
Little cry an' sin an' chain
We can't realize the mess we're in
We got our self, so blame
If we don't change a thing Babylon
|: The place that I live become my home
I was born here and now that I am grown
Time to stand up and do the first storm
Here in the land of Babylon: | Dem try to fool us again an' again
Try to fool us again
Dem want to rule us again an' again
They wanna rule us again
Dem try to school us again an' again
They try to school us again
Dem wanna control us again an' again
An' again an' again an' again an' again
Do what you teach
[.] is what you preach
I see you down my feet
The world on fire Blood sucking leech
With vampire teeth
Free in the streets
Liar, liaaaaaaar Here in the land of Babylon
Right here in the land of Babylon
