## Rotting Christ

Won by our fathers soldiers  
Won with offerings and blood  
Blaze in each countenance  
Spring thresh and fire the battle  
Let liberty reign  
Let's fight for freedom Everyone here has the right for  
Freedom, everyone can step the  
arduous path of wisdom  
Let clarity done  
A clarity clad by wisdom Are you ready to fight for freedom?  
(Yeahhh)  
Are you ready to die for peace?  
(Yeahhh) I eye the grizzle cloud of rain  
No certitude, no peace, no help for pain  
Behold, the anger here reigns  
I am here as on a darkling plain  
Let liberty reign  
Let's fight for freedom Hey soldier, wake up and hear  
The infant groan the infant fear  
My sweat wallows and I only pray  
I only wail the wrong of death's delay  
Let clarity done  
A clarity clad by wisdom Won by our fathers soldiers  
Won with offerings and blood  
Crush (Yeahhh)  
Kill (Yeahhh)  
Spring thresh and fire the battle Hades awaits Hades awaits Hades  
Awaits Hades awaits  
Death awaits Death awaits Death  
Awaits Death awaits
