

Natural Born Farmer

Glassjaw

You claimed acceptance for the time before
You wait for all of us to offer up together
You claimed acceptance for the time before
You wait for all of us to offer up to get...Wait around
Vomit on the prowl
Make it go round
Vomit on the prowl
Watch the fire like I'm a Natural Born Farmer
Get around
Vomit on the prowlYou take direction from that girl next door
And she waits for all of us to offer up to get down
You take directions from the girl next door
You wait for all of us to offer up to get...Wait around
Vomit on the prowl
Make it go round
Vomit on the prowl
Watch the fire like I'm a Natural Born Farmer
Get around
Vomit on the prowlGet around
Vomit on the prowl
Making the rounds
Vomit on the prowl
Watch the fire like I'm a Natural Born Farmer
Get around
Vomit on the prowl
