Catch My Breath

Capsule

Her hair hints little highlights of a brownish brunette
The moonlight through the curtain shows perfectly her silhouette
We've never met
But we're in love (love, oh)

That she'd only come to me as my only friend
That sweet sensitive would pull up between us in the air
She's unaware
That we're in love (love)

What should I do now? (now?)
Now that I've found ya (ooh)
The most beautiful girl in the world
I'll make you mine somehow
Just let me catch my breath
Before you steal it again
Steal it again
Steal it again

[Bridge]
Can't say what I wanna (oh)
Can't say what I wanna (oh)
The most beautiful girl in the world to me and I will go
Just let me catch my breath
Before you steal it again (steal it again)
Steal it again

[Chorus]
Let me catch my breath (catch my breath)
Let me catch my breath (catch my breath)
Let me catch my breath
Let me catch my breath (catch my breath)
Let me catch my breath (catch my breath)
Let me catch my breath

Oh, complexion like sand and her lips the color of sin
Sundress flies up and I start to envy the wind
She doesn't know I'm here
But we're in love (in love, oh)

This torture I would endure times over again
For the smell of her sweet subtle brush up again the skin
Now and then
I fall in love
I fall in love!

What should I do now (now?)
Now that I've found ya (ooh)
The most beautiful girl in the world
I'll make you mine somehow
Just let me catch my breath
Before you steal it again
Steal it again
Steal it again

[Bridge]

[Chorus]

You could call me crazy
You could say I'm there
Quick to tell me that I'm outta my mind
Outta my mind
Outta my mind

Now it isn't like I made this
I just got it bad
I'll work it out just gimme some time
Gimme some time
Gimme some time

How do I tell you every time I see you
It's like you're holding me hostage
Making it hard for me to breath again
Let me baby please don't stop it

When I go to touch you on your hand
You start to turn around
What to do now
What to do now
What to do now
What to do now (I don't know)

What should I do now (now?)
Now that I've found ya (ooh)
The most beautiful girl in the world

I'll make you mine somehow
Just let me catch my breath
Before you steal it again (steal it again)
Steal it again

[Bridge]

[Chorus]
