# A Reason to Stay

## Anthony Green

We would stay up 'till quarter to threeI didn't mind it, wasn't up to meWe would stay up late, the night was longThen we would hide when the sun would start to comeLay your hands on me
(Like you did a hundred times before)
Is this what you need from me?We used to feel the lightI believe it's true
Running through the nightFeeding off our hope
Holding on to me so I couldn't get awayBut I don't have a reason to stay
I just need you
We would get bored then we would get highI didn't mind, it happened all the timeWe'd stay in bed 'till quarter to three
We didn't care, it was only you and meLay your hands on me
(Like you did a hundred times before)
Is this what you need from me?We used to feel the lightI believe it's true
Running through the nightFeeding off our love
Holding on to me so I couldn't get awayBut I don't have a reason to stay
I just need youWe used to feel the lightI believe it's true
Running through the night
Feeding off our love
Holding on to me so I couldn't get awayBut I don't have a reason to stay
I just need you
