

# Secret Separation (Single Version)

## The Fixx

We're passengers in time lost in motion  
Locked together day and night by trick of light  
I must take another journey  
We must meet with other names  
Oo, we must meet with other names You touched my heart so deeply  
You rescued me, now free me  
Don't watch me cry, just see me go  
I'll take away the strongest feelings you will ever know  
There will be no more isolation in our secret separation  
You touched my heart so deeply, you rescued me  
Now free me We're passengers in time lost in motion  
Locked together day and night by trick of light  
I must take another journey  
We must meet with other names  
Oo, if only you and I be brave You touched my heart so deeply  
You rescued me, now free me  
Don't watch me cry, just see me go  
I'll take away the strongest feelings you will ever know  
There will be no more isolation in our secret separation  
You touched my heart so deeply, you rescued me  
Now free me We are matching spark and flame, caught in endless repetition  
Life for life, we'll be the same  
I must leave before you burn me  
I'm the stranger who deserts you, only to love you in another life There will be no more isolation in our secret  
separation  
You touched my heart so deeply, you rescued me  
Now free me  
I'll bear one precious scar that only you will know again  
We're passengers in time, free me  
I'll bear one precious scar that only you will know again  
We're passengers in time, free me  
I'll bear one precious scar that only you will know again  
We're passengers in time, free me
